Plans are well underway for Rocmaura Foundation's major fundraising event of the year! Meteorologist Cindy Day returns as Host for the 7th year, and that 80's band, "Pretty in Pink", will rock out the dance. A special tribute is being paid to Malcolm Barry. Tickets are \$125 with a \$60 tax receipt, and there are also dance only tickets for just \$35 at 9:00 pm. The first eight have been installed. With a donation of \$3500 you can have a plaque engraved with your company name or in honour of a loved one and placed on a unit.

## A Family Story

Larry Kincade pulls up in his vintage Cadillac. It's not hard to miss the antique automobile parked outside Rocmaura. He refurbished the 1989 vehicle to mint condition, except he says it still takes leaded gas.

Larry, a mechanic by trade, has rebuilt many cars in his day. He even sent one vehicle to Normandy. "It was a '53 Hudson Hornet with twin horsepower," he says fondly. He sold the car to a politician in France, shipping it over by container. The buyer couldn't speak English. He says, "That was an interesting transaction!"

"I used to race in Daytona Beach, and I've built so many antique cars," recalls Larry. The last one he rebuilt was an old funeral car and he says his wife Fran helped him. "Those were good times. You don't realize they're going to end."

Now Rocmaura is her home. Fran has been here for about six years now. Most days you will find Larry visiting with her in the TV lounge. They have been married 60 years.

"I miss her some bad," Larry says. They are both turning 82 in September, although "she's a few days older," Larry laughs. "I married an older woman" he smiles.

Fran managed the liquor store east, while he worked at Kimberly Clark, and drove transport for CNR. He was all over the country he says for about 10 years.

The couple have five children; Debbie retired from NBTel, Theresa who is still employed at Bell Aliant, Ronnie who worked for the Coast Guard and received a citation from the Governor General for a rescue in the North Atlantic, and John who works in a fish plant. The couple's grandson Michael is a pharmacist at Lawton's.

Larry and Fran spent 20 years in Florida. Their last trip was in 2007. Larry noticed something different. Fran woke up one morning and he says she didn't know who he was. They had to come home early and he was never back again. For three years Larry cared for his wife at home, but then he worried she might wander away.

These days you will find Larry and his Niece Debbie Doucette visiting with Fran at Rocmaura. He says all the bodywork and paint seems to have taken its toll on his health. "It was pretty hard on my lungs." Larry says he's been near death a couple of times in the past few months; he's had a couple of strokes and has a bad heart. In his younger years, he was very active. Now, he says, "I'm just hanging on for her."
